EXPERIENCE

Izet E Payments Pvt Ltd, - Coimbatore Dec. 2024 – Present
Web Developer (6 Months)

ZetBazar End-to-End E-commerce Web App (Live Demo)

Built the complete frontend experience including product listings, cart, checkout, payment integration, and invoice generation, handling 100% of UI/UX implementation.

- Led end-to-end frontend architecture for a production-grade e-commerce platform, reducing code duplication by 40% and improving development speed by 30% .
- Built and deployed a high-performance, production-ready e-commerce site using **Next.js** with **server-side rendering (SSR)**, improving page load speed and SEO visibility by 45%.
- Executed code-splitting, dynamic imports, and lazy loading strategies, reducing initial JavaScript bundle size by 38% and optimizing performance across devices.
- Crafted a pixel-perfect, mobile-first interface using **Tailwind CSS** and **Material UI**, accelerating UI delivery and reducing styling time by 30%.
- Integrated Razorpay for secure payments, reducing checkout failures by 25% and automating 100% of digital invoice generation .
- Leveraged **Redux Toolkit** and **React Query** for scalable state and async data management, reducing redundant API requests by over 40% and improving frontend stability.
- Enhanced product discoverability and engagement using features like image zoom, stacked carousels, client-side pagination, and framer-motion transitions, increasing time-on-site by 25%.

NPE Modern SaaS Landing Page with Advanced Animations (Live Demo)

- Developed a high-performance service-based SaaS landing page using **Next.js**
- Enforced scroll-based animations and page transitions using **GSAP**, **Framer Motion**, and to enhance user engagement and visual storytelling.
- Utilized **Tailwind CSS**to create consistent, scalable UI components with minimal CSS duplication.
- Added entrance effects and micro-interactions using **AOS** , increasing perceived quality and time-on-site.
- Developed a fully responsive static website using Next.js and Tailwind CSS, ensuring cross-browser compatibility and mobile-first design, resulting in a 15% increase in user retention.

Aroopa Technologies - Chennai (1 yr 4 months) Sep. 2023 – Nov. 2024
Associate Software Developer (2 Months)

- **Applied** JWT-based authentication, improving user data security and reducing unauthorized access incidents by 90%.
- Built a reusable UI library with Material-UI and Tailwind CSS, cutting UI development time by 35% across the app.
- Leveraged Redux for global state, reducing API call redundancy by 40% and improving state consistency across 5+ modules .

Nov. 2024 – Dec. 2024

Software Developer Intern (1 Year 2 Months)

- Developed a full-stack real-time chat app using Node.js and React.js, enabling 1:1 messaging and handling 100+ concurrent users.
- Built REST APIs for chat and call history, improving backend response times by 50% and enabling faster data retrieval.
- Built a fully responsive chat interface using React.js, increasing mobile engagement rate by 30% and engagement with real-time messaging powered by Socket.io.
- Utilized Tailwind CSS to create responsive, mobile-first designs, streamlining UI development and reducing styling effort by 30% across multiple components.
- Contributed to real-time messaging and notification features, boosting application engagement by 25%.

PROJECTS

Collaboard Real-Time Collaborative Whiteboard (Live Demo)

- Implemented a real-time whiteboard platform inspired by Miro using **Next.js** , **TailwindCSS**, and **Zustand**, enabling seamless collaboration across users.
- Integrated **Liveblocks** to deliver multiplayer presence, shared cursors, and synchronized whiteboard elements with CRDT-based conflict resolution.
- Applied real-time backend operations using **Convex**, optimizing for low-latency data sync and scalable state management.
- Established secure, passwordless authentication and session handling via **Clerk**, ensuring a smooth onboarding experience.

EDUCATION

KIT-Kalaignarkarunanidhi Institute of Technology Sep. 2022 – june 2024

Master of Computer Application - CGPA : 8/10 Coimbatore,

Achievements

- I Have Completed Nptel (the Joy Of Computing Using Python) Course With Elite+Silver
- **HackerRank:** https://www.hackerrank.com/profile/vignesh

SKILLS

Frontend: HTML, CSS, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS, Bootstrap

State & Data Management: Redux Toolkit, TanStack Query, React Router

Backend: Node.js, REST APIs, Socket.IO

Databases & DevOps: MongoDB, GitHub, Azure

UI Libraries: Material-UI, ShadCN/UI, Framer-motion, AOS, Ant Design, AG Grid
